ARMOR PAD PRO

Delivers Work. Study. Recreation.

IP68 & IP69K
Protection

Waterproof
ShockProof
Dustproof

Powerful 7,650mAh Battery

You're full of energy, and so is the Armor Pad Pro. Its massive 7,650mAh battery capacity is twice that of the iPad Mini and about the same as the iPad Pro 11. It gives you the confidence to go through an entire workday or outdoor activities, with up to 14 hours of intensive tasks, team communication, GPS tracking, and video viewing.

IP68, IP69K Rated MIL-STD-810H Certified

Your next adventure awaits. Ulefone Armor Pad Pro is constructed using tough, shock-absorbent materials and engineered to handle the hardest jobs. This rugged tablet comes with high IP68 and IP69K ratings against water, dust, and dirt. It's even MIL-STD-810H certified, which means superb durability that survives extreme temperatures and multiple drops from 1.5 meters.

Stereo Dual Speakers

The Armor Pad Pro has two separate speakers that sound wider, more detailed, and more realistic for an immersive media experience. At high volumes, the speakers deliver loud and clear sound, which is great for users in noisy workplaces or outdoors.

8.0 Inch HD+ Display

Get the job done right in the palm of your hand with the 8.0-inch touchscreen. In this 1280 x 800 high-resolution, high-brightness display, everything is crisp, sharp, and enjoyable to look at. It's built even tougher than a normal screen, making it ideal for using outdoors or entertaining naughty kids.

A person with long blonde hair, wearing a blue backpack and a denim shirt, is seen from behind, holding a tablet. The tablet screen displays a map with a blue path and various markers. The background is a lush green forest with sunlight filtering through the trees.

500nits Sunlight Readable

With up to 500 nits brightness, the Armor Pad Pro is useful for outdoor use, seeing more clearly under strong sunlight. It also provides a better viewing experience for streaming video, playing games, or reading e-books in daily life.

Get Connectivity Anywhere

Fast wireless connections are available everywhere. The Armor Pad Pro comes standard with cellular 4G LTE for dual SIM cards, as well as 2.4GHz and 5GHz Wi-Fi, so you can stay connected while on the go and easily access and update content in real time.

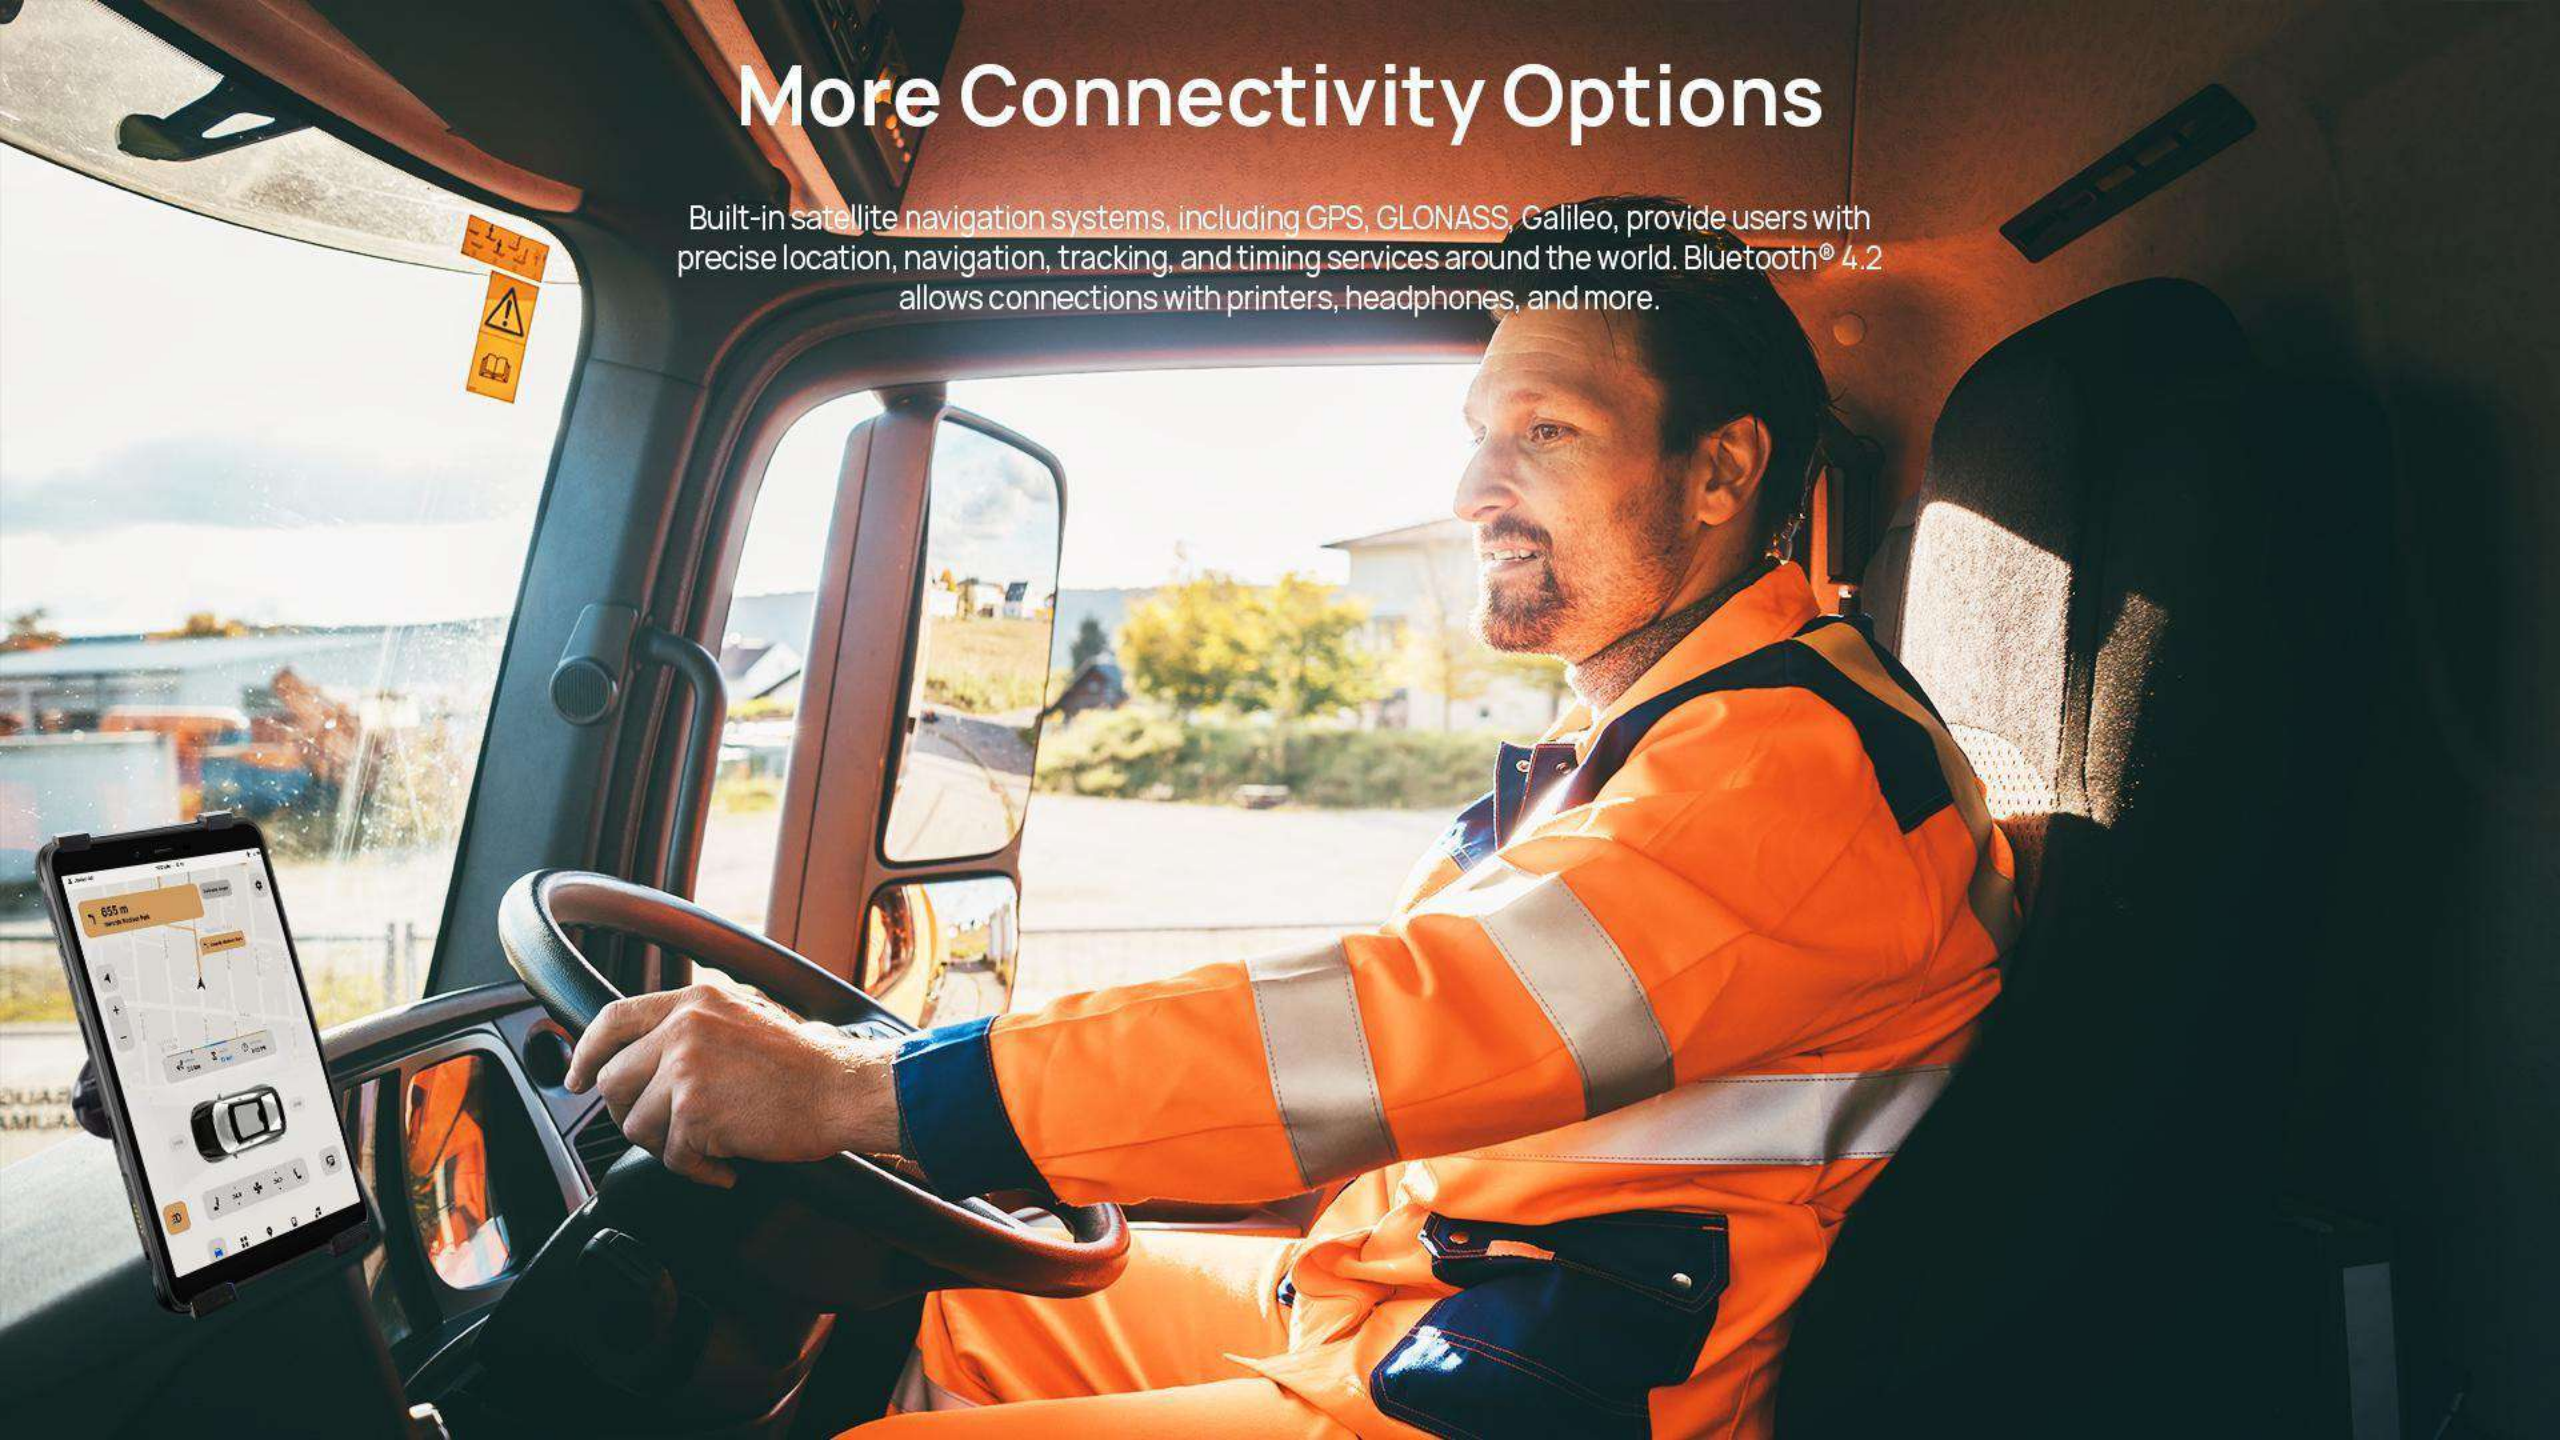

4G LTE

WIFI

More Connectivity Options

Built-in satellite navigation systems, including GPS, GLONASS, Galileo, provide users with precise location, navigation, tracking, and timing services around the world. Bluetooth® 4.2 allows connections with printers, headphones, and more.

MediaTek MT8788

Octa-core Processor

Powered by the Octa-core MediaTek MT8788 processor, the Armor Pad Pro demonstrates prowess in effortlessly running an array of applications, swiftly opening files, seamlessly navigating the internet, and smoothly transitioning between multiple apps.

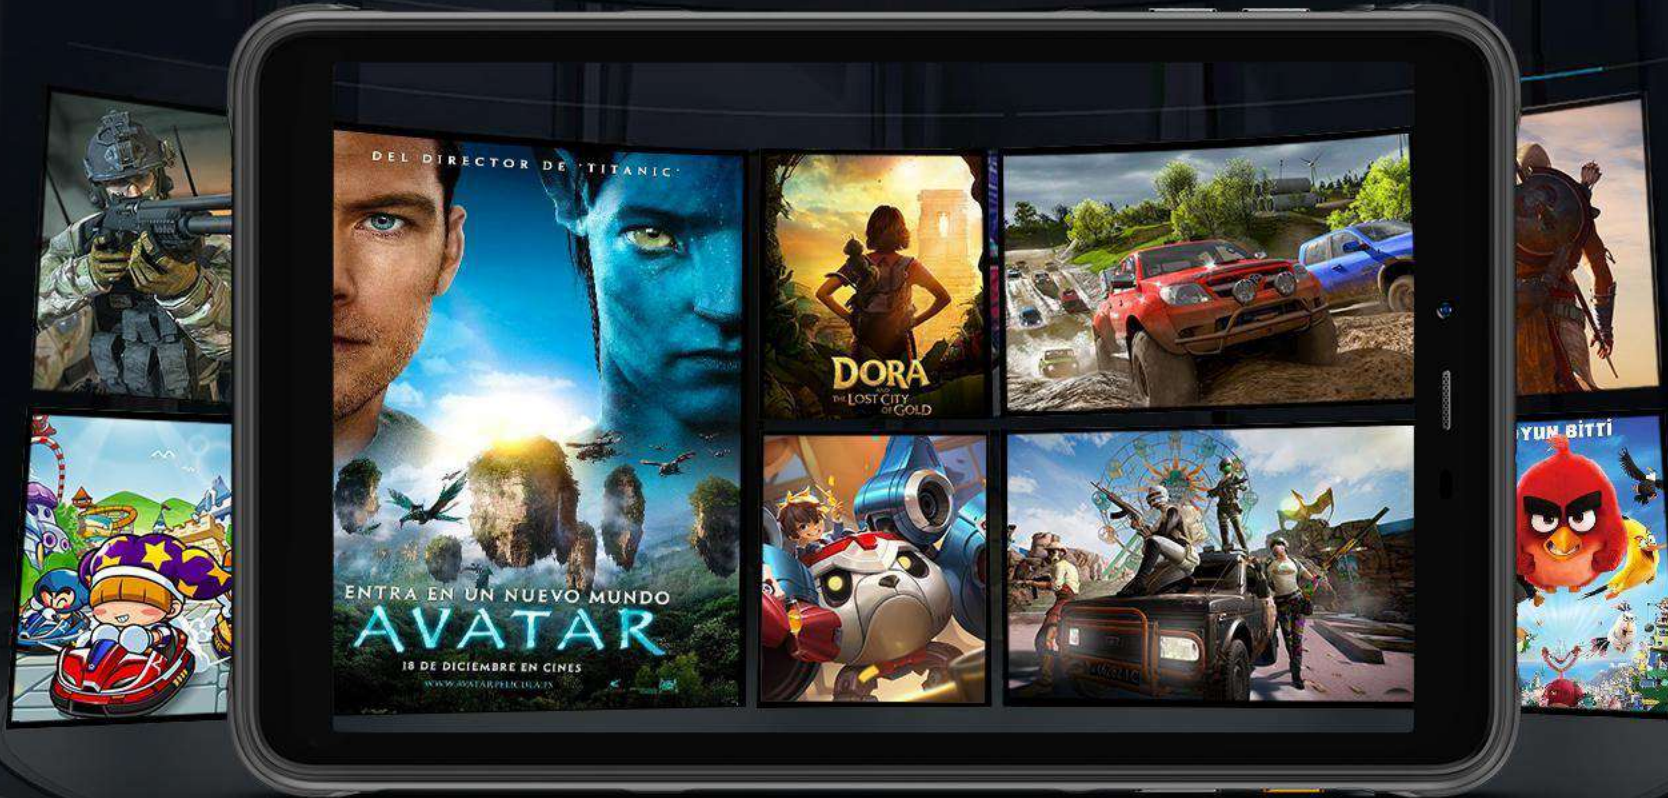

MediaTek
MT8788

Up to 16GB RAM

128GB Internal Storage

Enjoy seamless multitasking with high-speed performance. Additionally, revel in the generous storage capacity offered by the 128GB internal memory, and expand it further using a microSD card of up to 512GB. You'll always have plenty of space for all your apps, files, photos, and videos.

Up to 16GB RAM
8GB RAM + 8GB Virtual

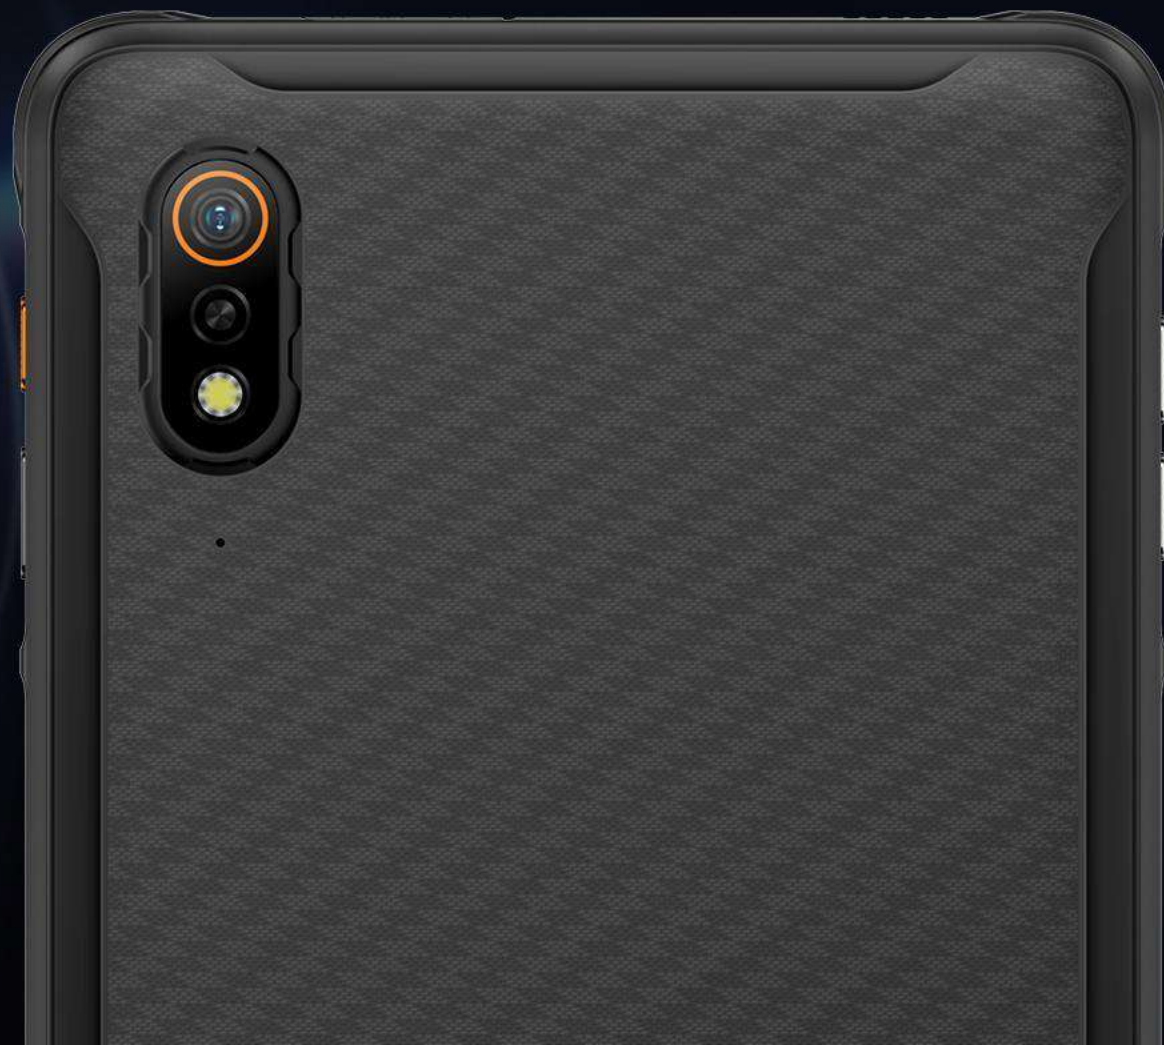

128GB ROM
512GB Expandable

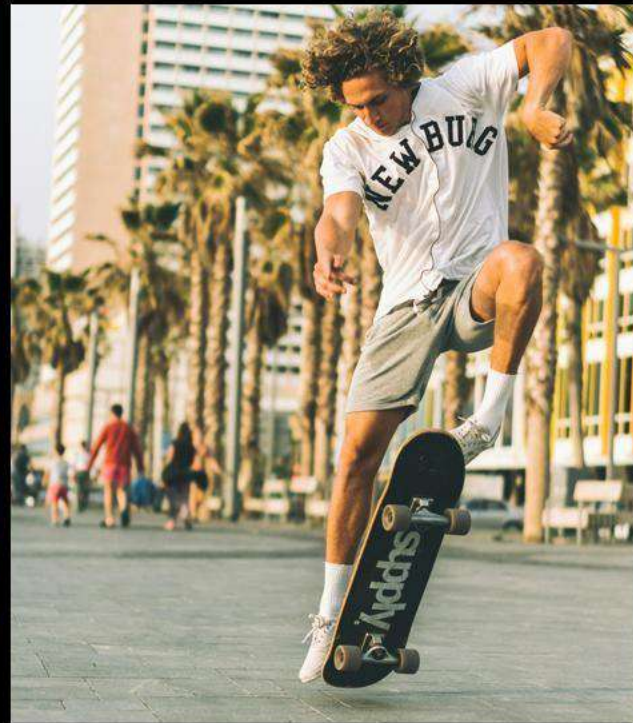

*The micro SD card is not included, and need to be purchased separately. The maximum 8GB of virtual RAM can be activated in Settings at your will.

48MP Rear Camera

Freeze the Beauty of Life

The Samsung® ISOCELL GM1 sensor in the Armor Pad Pro's 48MP main camera is designed to deliver exceptional photo quality, allowing you to capture detailed and vibrant images that truly encapsulate the moments you want to cherish.

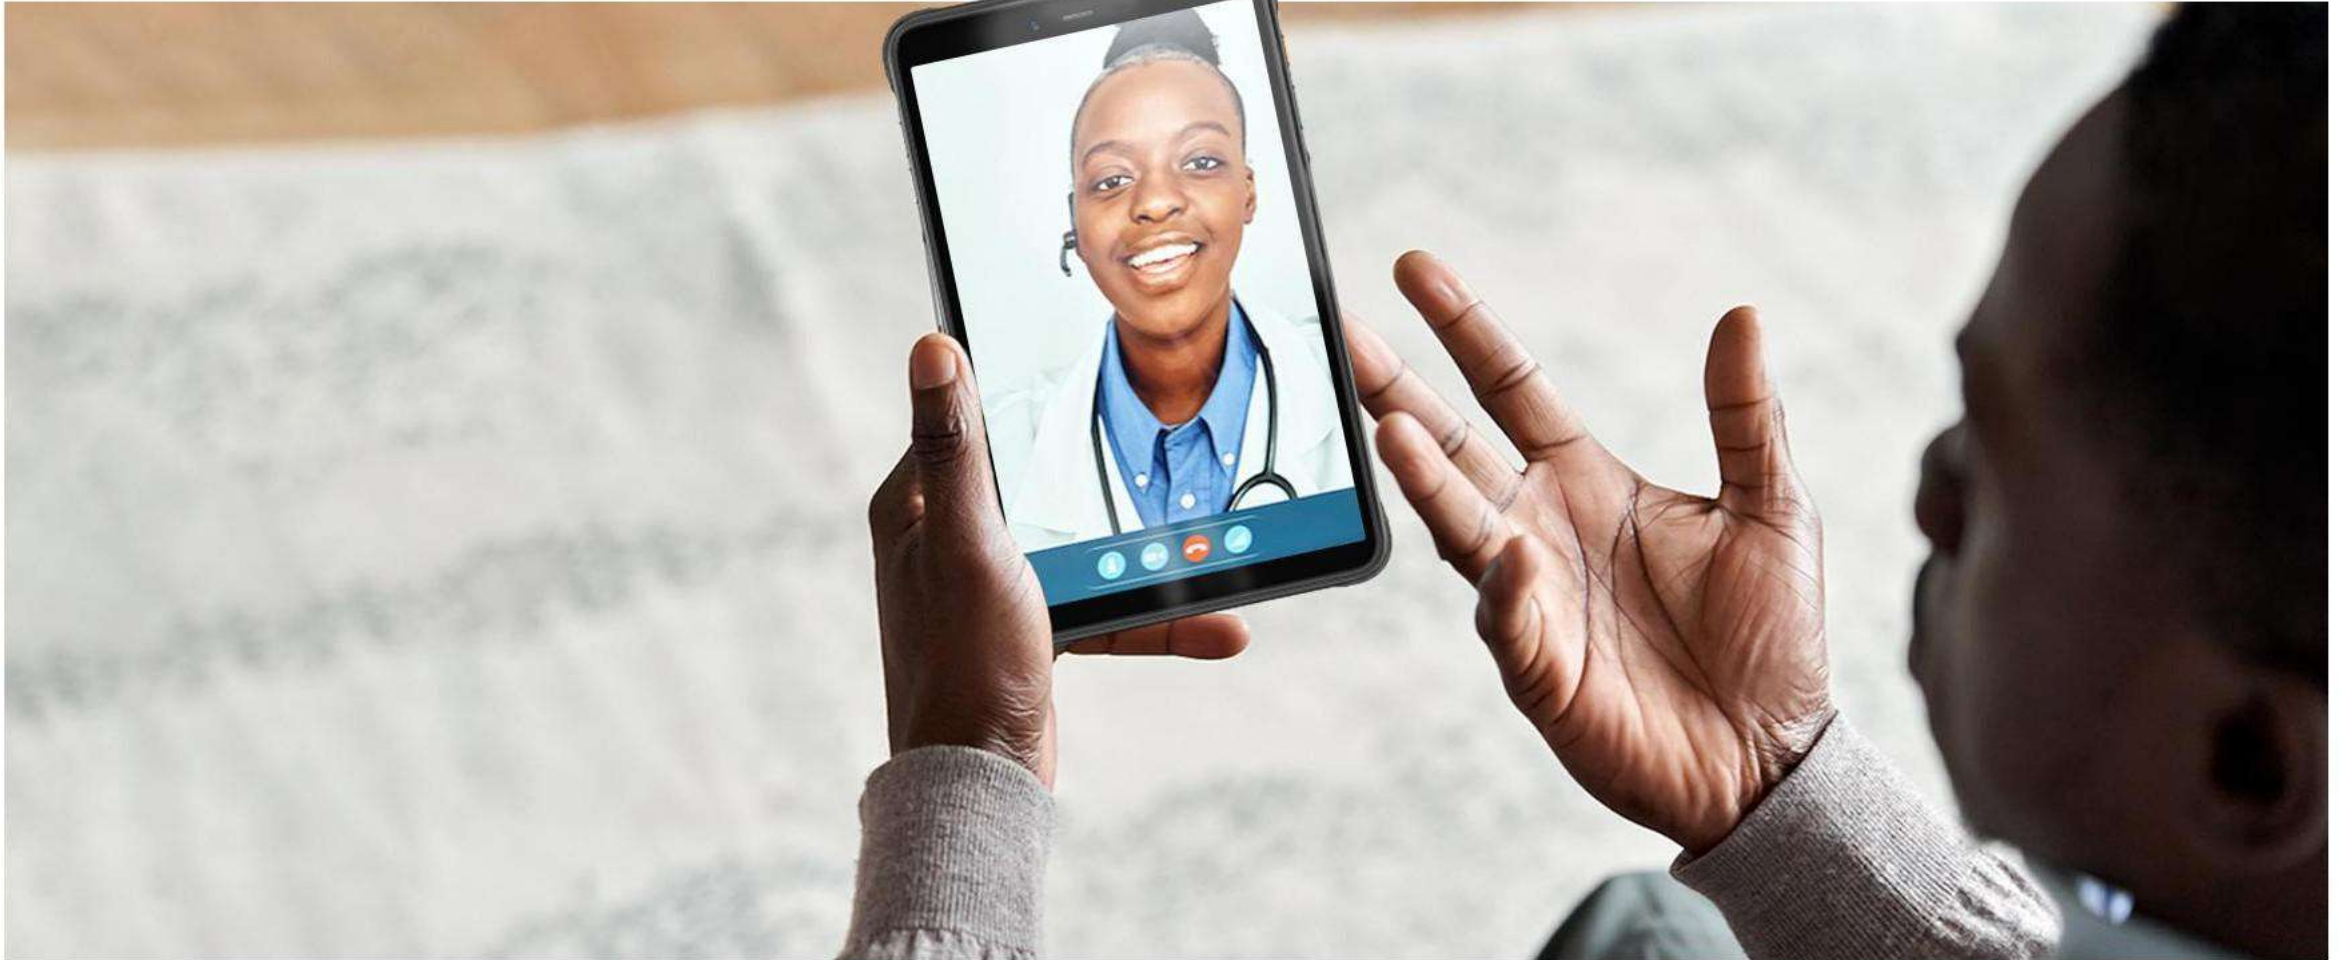

32MP Front Camera

Make Video Calls Vivid

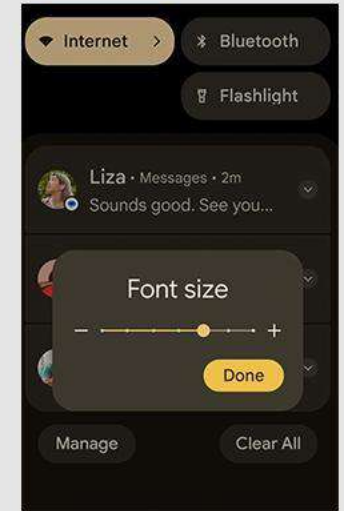

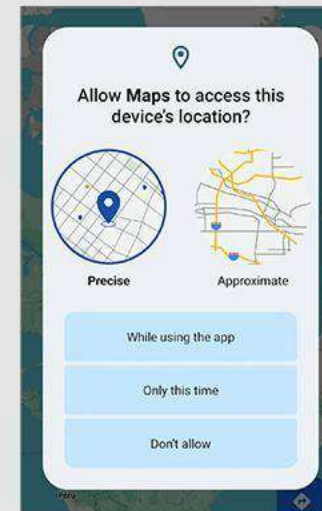

With its 32MP front camera, the Armor Pad Pro makes you always look your best during video calls. The high-resolution camera captures sharp and vivid HD images, making your conference calls more engaging and professional.

Latest Android 14

More Personal & Accessible & Protected

Running on Android 14, the Armor Pad Pro delivers an enhanced, secure, and user-friendly experience. Enjoy upgraded camera quality, fresh themes, and AI-crafted wallpapers. Benefit from enhanced privacy measures, extended accessibility options, and seamless device operation.

NFC-enabled Device

The Armor Pad Pro is equipped with NFC functionality, providing access to mobile payment, identification, and authentication features, including ID cards or passports. Additionally, it facilitates hassle-free public transportation ticketing, enhancing overall life convenience.

Supports Gloves Mode

If initiating the Gloves mode, you still touch the screen responsively while wearing gloves.
And stay connected while on the go.

*Due to the difference of material and thickness, some leather gloves may be incompatible.

With Fingerprint Sensor

By simply placing your finger on the sensor, you are fast to access apps, messages, and other data, both convenient and safe.

Create Your Shortcuts

Simplify routine tasks to One Press or Long Press with the Custom key of Armor Pad Pro. You can assign this key to various functions, such as using PTT (Push-to-Talk), taking screenshots, and launching the camera, calculator, flashlight, or any frequently used work application.

Keep Your Tablet at Your Side

Carry and operate your tablet with one hand. The adjustable, ergonomically designed Hand Strap fits the contours of your hand and gives a secure and comfortable hold. It also works as a stand to prop the tablet up for a better view when you're next to your work surface.

*The Tablet Hand Strap with Kickstand requires an additional purchase if needed.
